

# Finishing Technician

Full-Time | Kanati Studio, Myerstown, Pa

## Position Overview

The Finishing Technician plays a key role in bringing each mount to life. This position focuses on the final artistic details like sculpting, painting, grooming, and refining that transform a project into a finished piece.

This is a hands-on, creative role for someone who enjoys working with their hands, paying attention to fine details, and seeing the results of their craftsmanship. No prior experience is required. We provide on-the-job training for individuals who are eager to learn and take pride in their work.

If you enjoy art, crafting, painting, hands-on projects, and aren't afraid of hard work this could be a great fit.

## Core Responsibilities

- Sculpt and shape fine details such as eyelids, nostrils, and facial features
- Apply color using airbrush and hand-painting techniques
- Repair and rebuild horns, antlers, and small structural areas as needed
- Groom and refine each piece to achieve a clean, polished appearance
- Carefully inspect finished work to ensure it meets quality standards
- Maintain a clean and organized workspace

## What We're Looking For

- Someone who enjoys detailed, hands-on work
- Interest in art, crafting, painting, sculpting, or similar creative hobbies

- Strong attention to detail
- Good hand-eye coordination
- Willingness to learn and accept instruction
- Dependable and hardworking
- Ability to manage time and complete assigned tasks efficiently
- Comfortable working in a shop environment

No prior experience is required — we are willing to train the right candidate who brings a strong work ethic and a desire to learn
